- Friday, May 17th: Science Space Test
- Math Timed Tests – keep practicing Math facts
- Practice writing stories, poems & creative writing during the summer.

*** Siblings are allowed at the Classroom Award Presentation as long as they have adult supervision; however, no younger or older siblings will be allowed at the classroom parties. Please remember that there is no video recording allowed in the classroom due to privacy issues.**

Planners: Remember, planners must be signed every night. This is considered a homework assignment.

Parents: Please remember to always wear your ID badge while on campus. School policy states that parents must have an ID badge in order to pick up their child or have signed in at the front office.

Students: Remember to always follow the school dress code. Please bring water bottles as the temperatures are rising. Make sure you are following all of the rules when you are on the playground. When the whistle is blown after recesses, the students need to line up quickly and quietly.

Spalding/Spelling: Students are expected to use neat Spalding handwriting in all subjects. Practice your spelling words. The words are getting more difficult.

Reading: We will read “The Peacemaker”, “Black Beauty”, “Rolf’s Leap”, and “Greek Gods”.

Language/Grammar: We will continue to learn how to diagram sentences, and will review past concepts.

Math: We will learn about multiplying mixed numbers, tessellations, and roman numerals.

Science: We will continue our unit on the Solar System. There will be a space test on Friday, May 17th.

History: We will finish our unit on maps, and will begin a small unit on World Mountains.

All the fourth grade teachers would like to thank you for collaborating with us in making this a successful year for your child. Thank you so much for all of your hard work & efforts in grading, helping at parties & various activities & for chaperoning on our field trip. We truly appreciate you!!! Have a wonderful summer vacation!
